

TRANSITION OF CARE FORM

Please note that this information pertains to you and/or your dependents health care and is not intended for authorization of services.

If you are currently under the care of a non-network provider, there are a limited number of medical conditions that may qualify for Transition of Care. If transitional care is appropriate, specific treatment by a non-network provider may be covered at the network level of benefits for a limited period of time. These services are subject to eligibility and coverage limitations at the time the medical care is administered.

This form must be submitted within 30 days of your new enrollment date.

Please check box if this is dependent information.
